### **post-abortion Bible study for women**

This Bible study guides suffering and hurting women to bring their emotional scars from abortion "out of the dark past and into His holy light," where true and lasting healing can take place. Appropriate scriptures help women deal with issues such as relief, denial, anger, forgiveness, depression, letting go, and acceptance.

For every woman yearning for the peace of God's forgiveness, this 9-week study can be the first step to healing and wholeness.
